## Tri-Town to Honor Vets November 11

By Jean Perry

Every year, Tri-Town keeps alive the tradition of honoring its veterans and, with each passing year, it seems the events grow larger – more people turn out to pay their respects for the sacrifices their neighbors and ancestors alike have made or are making now, and the appreciation only waxes over time.

This year in Marion, during an especially significant year in which the Benjamin D. Cushing VFW Post 2425 disbanded and offered the 465 Mill Street VFW building to the Town of Marion, the town will again hold its annual Veterans Day observance at the VFW building on Friday at 11:00 am.

The last members of VFW Post 2425 will continue to participate in the annual Veterans Day ceremony; however, the town has assumed the responsibility of seeing the tradition carried out year after year.

"I am thrilled that the VFW members are still involved this year," said Donna Hemphill, who will be assisting the town and the Marion Recreation Department with the yearly event.

The Town of Marion will also continue the Memorial Day traditions as well.

"It is sad that they have disbanded, so it is great that they are able to do this ceremony especially right there at the VFW building," Hemphill said. "I am hoping that they will continue to participate in years to come."

Beginning at 11:00 am, the Marion Veterans Day observance will be joined by guest speaker Captain Eduardo Fernandez, a faculty member at the U.S. Naval War College in Newport, Rhode Island. The Sippican School Band will also perform and the selectmen present will address the audience.

In Mattapoisett, beginning at 11:00 am, people will gather at Old Hammondtown School for Mattapoisett's annual Veterans Day ceremony.

The Old Hammondtown Concert Band will perform patriot songs, and Representative William Straus will give his yearly address.

## Trump Tops Rochester, Clinton Takes Marion

By Jean Perry

All three towns experienced some delays once polls closed on Tuesday night, delaying results by an hour in Rochester and Marion and over two and a half hours in Mattapoisett. The reason, for the most part, was early voter ballots.

In Rochester, with roughly 900 early voter ballots, or 25% of the voter turnout, it took poll workers all day and into the night to scan the paper ballots into the voting machine with a steady line of voters filing into the Senior Center throughout the day.

And turn-out in Rochester, between early voters and Election Day voters, was high at 75%, keeping poll workers and Town Clerk Naida Parker busy well into the night.

As for the response to early voting, Parker said voters seemed "to like it."

"They had concerns about the safety of the ballots," said Parker, with voters worried about someone opening their ballots or tampering with them. "We kept

them locked up in the safe and sealed up in the blue tubs."

In Mattapoisett, Town Clerk Catherine Heuberger began processing the 1,800 early voter ballots in the afternoon, and soon after, the voting machine she was using to enter said ballots malfunctioned, delaying the results well into the night. As of 11:00 pm and press time, although the early voter ballots had all been entered, Hueberger was unable to get the machine to spit out the results and had to call a representative from the company to assist in troubleshooting.

Overall, however, Heuberger reported that early voting "worked out well."

"Things have been brisk today," said poll worker William Hall, with a steady stream of voters turning out for the election.

Marion saw a turnout of 82% with a total of 3,316 ballots cast.

In Rochester, Donald Trump beat Clinton 1,728-1,336. Gary Johnson received 158 votes and 49 votes went to Jill Stein.

Republican Mark Alliegro was the choice for Representative in Congress with 1,508 votes against incumbent William Keating who received 1,372 votes.

As for questions, Rochester voted 'no' on Question 1 to allow a slot gaming establishment with 1,903-1,369. For Question 2 on charter schools, voters chose 'no,' 2,104-1,224. On Question 3 pertaining to the

In Marion, Clinton beat Trump 1,857-1,156. Johnson received 151 votes and Stein, 49.

Democrat Keating beat Alliegro 1,746-1,144 for Representative in Congress, and Democrat incumbent Marc Pacheco beat Sandra Wright 1,944-1,131.

On the questions, Marion voted 'no' on Question 1, 2,130-1,021. On Question 2, Marion chose 'no,' 1,732-1,487. Question 3 was 'yes,' 2,501-714, and Marion narrowly voted 'yes' to legalize marijuana, 1,626-1,615.

The results in Mattapoisett, as of press time, only reflect Tuesday voters. The early votes and absentee ballots results were unavailable:

Clinton: 1,020; Trump: 1,151. Keating was beating Alliegro, 1,063-959. On Question 1: yes 860; no 1,444. Question 2: yes 1,018; no 1,331. Question 3: yes 1,763; no 583. Question 4: yes 1,194; no 1,173.

### Water Ban to Remain in Effect

**By Jean Perry**

Representatives of the four towns served under the Mattapoissett River Valley Water Supply Protection Advisory Committee met on November 8 and decided to continue to enforce the mandatory water ban imposed by the state, although some Massachusetts communities have recently "seceded" from the restrictions, as Fairhaven DPW Superintendent Vincent Furtado put it.

Mattapoissett Water & Sewer Superintendent Henri Renauld asked if the other committee members wanted to touch base on the issue, saying, "The drought task force is still saying that we are still in a ... drought watch."

"The rivers have come up some, the [dry land] area is getting smaller and smaller as we go, and I was just wondering what other communities thought ... and whether we wanted to stay in the ban."

The "red patch" of drought-affected areas on the map is shrinking slowly, with low water levels being maintained rather than increasing, and the state has not yet lifted its mandatory water ban on affected communities.

Marion DPW Superintendent Rob Zora commented on a number of households in Marion that have applied for and were granted waivers from the water ban due to having "walked themselves into a situation," whether it be new landscaping installations or new lawn installations.

Renauld said about a half dozen waivers were granted in Mattapoissett as well, and Furtado noted the same in Fairhaven.

"I feel we could probably go until at least the next monthly meeting," said Renauld, adding that the growing season is over and the demand for outside water use has dwindled.

Renauld told the committee, "I think by next

## Vehicle Lands in Water at Ned's Point

By Jean Perry

A 19-year-old woman in a Jeep Cherokee drove her vehicle over the rocks and into Mattapoisett Harbor late Monday morning, November 7, partially submerging the front end of the car in the water.

According to the Mattapoisett Fire Department, Chief 1, Engine 1, and Rescue 1 responded to a call at Ned's Point reporting that a vehicle drove off the rocks and into the water.

A press release from Mattapoisett Police Chief Mary Lyons stated that a 911 call came in at 10:42 am reporting that a Jeep had driven off Ned's Point and into the water.

Crews at first were unsure whether anyone was inside the vehicle when it crashed, but they soon discovered that the driver and sole occupant of the vehicle was able to escape the vehicle on her own before first responders arrived at the scene. She was spotted standing on the rocks in close proximity to the vehicle.

Crews tossed out hazardous material boom into the water surrounding the vehicle in case any fuel or hazardous materials escaped the vehicle after the crash.

The car was lifted out from the water via a crane on a heavy-duty tow truck, and rescue units remained until the car was towed from the scene.

No one was seriously injured during the incident, although the driver was transported to the hospital by Mattapoisett EMS with minor injuries.

The driver was issued a citation for the charge of Operating to Endanger and Speed greater than reasonable.

There is no further information at this time.

was still plenty of work to do and plenty of discussion leading up to the November 4 signing of the warrant.

And to that end on Wednesday, November 3, the selectmen participated in a working session with the members of the Finance Committee along with the fire chief, police chief, and highway surveyor to fine tune articles for the November 21 town meeting.

Shepherding the process along, Town Administrator Michael Gagne explained what these departments will be presenting for voters' approval.

After discussions with Fire Chief Andrew Murray, Police Chief Mary Lyons, and Highway Surveyor Barry Denham, and review of the requests, Gagne said the Board of Selectmen and Finance Committee members had

achieved a consensus.

"The Board of Selectmen and the Finance Committee have endorsed \$20,000 for a policeman to attend criminal justice training in January," Gagne said in a follow-up interview. The 26-week course will be funded via free cash if voters also agree. Gagne said that Lyons had not yet determined which police department staff member would be taking the course. Article 10, which also includes a sum for fire department staffing, will require a majority vote to pass.

Another request coming from Chief Lyons actually originated from concerns aired at Board of Selectmen meetings regarding dangerous pedestrian/cyclist crossings on Mattapoisett Neck and Brandt Island Roads and Route 6.

Chief Lyons told the selectmen and FinCom members that the sub-committee she chaired to review traffic safety signals for those locations determined that lighted signals would benefit motorists as they approached the crossings. The new signals would provide motorists with greater visual awareness that they are approaching pedestrian/cyclist crossings.

The selectmen, as well as the FinCom, endorsed the request for \$45,000 to purchase seven warning signals. Article 6 – traffic, pedestrian and cyclist crossing improvements – will require a majority vote to pass.

Regarding their meeting with Denham, Gagne said, "Barry came in to discuss the 2017 construction

season."

He said the highway department would be asking for "a substantial sum" to pay for 25 percent engineered design work mandated by the Massachusetts Department of Transportation before consideration of grant requests.

Of the DOT, Gagne said, "They won't advance you [grants] unless you have twenty-five percent completed." Once the town submits the required drawings, it may then and only then hope to receive state funding, Gagne explained.

The substantial sum needed, Gagne said, would range from \$250,000 to \$300,000 and cover design work for Main, Water, Beacon and parts of Route 6. The project that will include infrastructure, paving, and sidewalk improvements is estimated at \$4.5 million, Gagne stated, while adding, "There's no way we could do this by ourselves." Article 2 – appropriation for town road improvements – will require a majority vote to pass.

Murray will be requesting an additional \$10,000 in order to hire a new full-time day shift fire suppression professional. Murray reasoned that by hiring a full-time staff member for daytime hours when volunteers' availability is low, the community would receive better protection in the event of a fire incident. By shifting the volunteer hourly rate to full-time and adding the additional sum, Murray hopes to add a staff member whose assistance could be guaranteed. The fire department has struggled to have adequate daytime

## Planning Board Reviews Potential Condos

*Marion Planning Board*

**By Andrea Ray**

The majority of the November 7 Marion Planning Board meeting was spent discussing a new development for the property next to the Baldwin Bros. office, which has been in proposed development for years.

Local lawyer Patricia McArdle and Bill Curley came before the Planning Board on Monday night to field comments and advisories on a proposed second phase development of the property. McArdle explained the changes to the plans.

"This was originally a mixed-use proposal brought up years ago and denied by the town," she explained. "I think this is a good opportunity to create something really special next to the Baldwin Bros. property. It's no longer mixed use; it's solely residential." She added, "There are four lots on 3.5 acres; three of the lots are zoned business, and one is zoned limited industrial. We'd like to convert all the lots to Residence E zoning, for multi-family living. The town allows up to 12 units per acre," she continued, "which allows for 42 units overall. Mr. Curley is looking for only 28 units. The goal is to create a small condo association, possibly in row house-type format. What we want from you is your advice and comments. Do you feel that this is a good idea?"

Curley stood up after McArdle to explain his vision.

"I've been connected to Marion since I was a little

kid," Curley began. "I've been working on this property for four years. There are no other properties like this in Marion; there is one in Mattapoisett, which I feel is far too dense."

Curley had a very specific vision in mind for the appearance of the condos.

"If you've ever been to Charleston, South Carolina - the townhouses would look quite similar. It would definitely add to the charm of the street," Curley said.

"You mentioned older residents, but you haven't marked this a 55+ development," observed Eileen Marum.

"I didn't want to pin it like that ... I suppose families could move in," Curley conceded. "The price point would be in the mid \$500,000s."

Several board members commented on the change from a mixed-use property to a solely residential property.

"I thought a mixed-use location might be better, considering our Master Plan is in favor of developing more mixed-use properties to serve the residents," Will Saltonstall commented.

Jennifer Francis and Steve Kokkins agreed. Francis added, "I also wondered why you've moved away from a mixed-use development. We've heard a lot of demand for them from the community, and in our Master Plan we are trying to develop more mixed-use properties,

as Will said."

Curley and McArdle admitted that the change had come about after the town had voted down the initial mixed-use development plans.

"I think things may have changed now," Robert Lane said, "and it's worth bringing in new plans."

Francis also inquired about the energy efficiency of the development.

"I know you've said the property will be efficient, but what about adding solar panels on the roof? That might even be able to make the development self sufficient," said Francis.

Curley agreed that this was an idea to think about, and Francis brought up another point.

"There's not a lot of green space, or open space in here. I'd like to see more recreation area for families or visitors," said Francis.

Lane concurred. "I think the board would probably be supportive. I'm concerned about the density, which is honestly still too dense for me. I'm not necessarily comfortable with the density when also considering parking, visitor parking, and a need for more open space. Since the turns and entrances are also a bit tight, I would also advise on getting a traffic engineer at some point to do a traffic analysis. Overall though, we are in agreement that this is a good idea. Please don't hesitate to come back if you ever have any other thoughts or want more of our ideas."

between his home in Cumberland, Rhode Island, and Marion, began developing symptoms such as a strange ticking noise and loss of power. Eventually, the check engine light turned on before the vehicle died on the side of the highway near Dartmouth, Jackvony told the committee.

"We had it looked at," said Jackvony. "We knew it was something that was probably going to lead to a problem like this, and there's no fix for it except to replace the engine."

Jackvony said the vehicle engine had been showing signs over the past month or so that led him to believe that the life expectancy of the engine was nearing an end. The vehicle, he said, is in otherwise good condition.

"I feel really confident that it's worth replacing the engine," Jackvony said.

This emergency meeting of the Finance Committee, which does not plan to meet regularly until mid-January, came as a surprise to some Finance Committee members, including Chairman Alan Minard, who wondered if the \$4,500 job required a budget transfer from the Finance Committee's reserve fund when the chief's fire equipment maintenance budget line item still contained \$18,000.

"We're not early into the [FY17] budget," said Jackvony. "We're only a quarter in."

Minard told Jackvony there would be no problem

if the line item went over budget towards the end of the year when the committee could simply approve a budget transfer at that time if needed, rather than “pigeon-holing” the funds this early on.

“I don’t think it’s a huge deal one way or the other,” said Minard, who asked the committee members to make a motion either way – either for the budget transfer or simply to allow the funds to be used in the budget line item.

The committee approved the budget transfer in the end.

The Marion Finance Committee settled on meeting every Wednesday at 6:30 pm for budget season beginning **January 18**, the next scheduled meeting, which will be held at 13 Atlantis Drive.

## The Never Ending Story: Brandt Point Village

*Mattapoisett Planning Board*

**By Marilou Newell**

Brandt Point Village seems stuck in a cycle of promises made, meetings held to discuss mandatory to-dos, nothing getting done, and then the cycle starts again. At least those were the sentiments once again aired when the Mattapoisett Planning Board met on November 7.

When Paul Osenkowski asked what the status was of the mandated roadway work in Phase 1, Chairman Tom Tucker said he had spent the better part of the afternoon talking about the project.

## Colonial Shutterworks

Planning Board Administrator Mary Crain said she had had a contentious conversation with the attorney for Omega, one of the newest partners involved in the cluster housing sub-division that has seen a number of vested parties come and go for nearly a decade.

Attorney John McGreen voiced his displeasure at the Planning Board’s insistence that building permits not be issued until all the work on Phase 1 was completed.

Tucker said, “I have been adamant that Phase 1 get completed before Phase 2 begins.” But in a follow-up call between Crain and town counsel, Tucker learned that the board’s insistence may have little or no impact on when Phase 2 begins.

Crain said, “I informed Attorney McGreen that building permits wouldn’t be issued. He was upset with that news. I also spoke to town counsel, and he said we have no control over issuance of building permits.”

Tucker lamented, “We don’t have the right to hold back building permits. We can only make recommendations.”

Osenkowski became enraged saying, “This is our response to protecting the town!” He shouted, “We have no way to hold their feet to the fire!” Shaking his head he said, “It’s death by a thousand cuts.”

Tucker responded, “He [town counsel] said we can make a recommendation. The town doesn’t have to issue those permits.”

Tucker suggested that Osenkowski take his concerns to the selectmen as he and the Planning Board were at a loss to get roadway construction and necessary infrastructure completed as the developer had previous agreed.

Crain said that McGreen felt the \$1.4 million surety that had been struck in a tri-party agreement was sufficient, and therefore, holding back on building permits was unwarranted and could result in litigation.

Tucker said that McGreen had informed Crain that Omega had not been aware they would be responsible for incomplete and or substandard work on Phase 1 before building in Phase 2.

Denis Demos, a resident in Phase 1, said that the septic system had recently failed two tests and that warning alarms had been triggered indicating a problem with the closed private system.

Tucker asked Crain to send notification to the Board of Health regarding the septic failures and to ask town counsel to attend the next Planning Board meeting so that the members could better understand next steps.

In other business, a discussion with David Davignon of N. Douglas Schneider & Associates regarding alternations to plans previously submitted for a new driveway at 1 Goodspeed Island did not rise to the level of requiring an amendment to the plans. Davignon said that the new homeowners were planning to use a combination of grass pavers and gravel at the turnaround near the home.

The board voted by majority to send a letter to the

Zoning Board of Appeals in support of Todd Rodrigues' filing of a special permit to build mix-use structures within the village business district.

The next meeting of the Mattapoissett Planning Board is scheduled for **December 5** at 7:00 pm in the town hall conference room.

*ORR Update*  
**By Jo Caynon**

This past Wednesday, members of the junior class at ORRHS enrolled in Honors and AP U.S. History took a field trip to the Edward M. Kennedy Institute for the United States Senate in Boston.

Opened to the public at the end of March 2015, the institute aims to introduce students to the roles the Senate plays in the government, as well as exploring and encouraging participation in democracy.

This was accomplished in the form of a mock debate held on a model floor of the U.S. Senate. Complete with a replica layout and furnishings, the space allows students to fully immerse themselves in the roles of state senators as they worked together to create a bill to remedy the wage gap in the United States.

"Being a senator for a day was different than being a student at ORR," Madisen Martin from Rochester

said. "I learned a lot about how the Senate works."

"I never had much interest in the Senate before I went, but it was a lot of fun, especially with the interactive parts," Lauren Gonsalves of Marion added.

Seth Bushnell, a history teacher at the high school who led the field trip, spoke on the benefits of the experience.

"The charge we face in social studies is to prepare students to become active participants in democracy," Bushnell explained. "This means not only learning historical skills and gaining an understanding of the world they live in, but engendering a spirit of community activism and a realization that we can all make a difference. The Kennedy Institute helps accomplish both of these goals. It's a great civics lesson."

The Senate Immersion Module exhibit at the Kennedy Institute allowed for an interactive lesson in civics to take place. After being sworn in as senators, students participated in nominee and subcommittee hearings to add to their bill before debating its contents. The activity completed with a roll call vote on the final version of the bill.

"It gave us students a hands-on activity that helps us better grasp how our government works, how laws are decided to be passed or rejected, and how long it can take with an explanation why," Alisha Mackin, a Rochester junior, said.

What was introduced at the Institute was built

upon in the classes afterwards, in the form of a miniature mock Senate discussion.

"I took my classes to the computer lab to do some in-depth research on the bill we debated at the Institute to see what kind of arguments they could make for or against it," Bushnell explained. "Then we returned to the classroom and held a debate and a vote on the bill based on a greater understanding of the issues involved and using the Senate rules of decorum we learned on the replica Senate floor."

The students received the trip positively, with several saying that the Senate simulations gave more insight into their history courses.

"It helped with a deeper understanding," Jake Thompson from Rochester stated, adding that he thought the trip was a good idea.

Mackin agreed. "It did help me better understand topics in history class, but more with modern day government."

"As I walked through the museum, I kept finding references to names I heard of in class or events that made huge impacts in the course of history," Gonsalves elaborated. "It definitely helped me to connect the dots between what I've been learning lately, and now I feel like I really understand some of the more important words."

Similar reactions have made their way back to Bushnell.

"Many of my students have come to me and mentioned how much they enjoyed the trip," Bushnell said.

The experience has encouraged Bushnell to plan further student visits to the museum.

"I am looking to take the other half of the junior class in March, and I would like to make this trip an annual adventure for eleventh graders," he said.

presidential race.

Given America's significant foothold in international affairs, the race drew considerable attention from people around the world. Students from abroad currently attending schools in the United States have been in a unique position to see the election process from both an internal and external perspective. With 21 countries represented within the nearly 100 international students at Tabor, there were a considerable number of outsider perspectives around campus.

Naturally, many of the students judged the election based on the candidate's opinions and plans regarding foreign policy, specifically with their home nation.

"Obviously, having a Korean heritage background, I would be supporting the candidate who wants to continue to support foreign policies rather than just domestic issues," said senior Sean Choi, a Korea native.

Although most of the students will spend the next four years and beyond in the United States for the remainder of high school and college, the wellbeing of their native country throughout this period is in the forefront.

"I know that many of my friends and other Bermudians are concerned with how the United States will interact with other countries, especially Europe, with new foreign affair strategies and opinions," said Julianna Brewer, a senior from Bermuda.

For the students from China, the election did not bring forward considerable policy differences towards their home nation between the two candidates. Although the candidates came at the issue differently, they both agreed that China has taken millions of jobs from American workers and that something must be done to bring those jobs back to the states. Because of this, Jack Shi, a senior from China, sees the candidates in a more "neutral perspective."

"I don't really have a preference because their policies towards China are kind of similar," said Shi.

Beyond the issues of foreign policy, the unconventional approaches by both candidates throughout the election have been a topic of interest, concern, and even amusement for many students. These students have watched previous American elections from both inside the U.S. and abroad, and see the differences between this year's election and the others.

"It seems like this election is filled with mud-slinging and personal attacks on both sides. What I saw from previous elections were debates of policies and what is good for the people. Although they was some mud-slinging, it wasn't particularly distracting," said Shi.

Aly Hussein, a sophomore from Egypt, saw the elections as "a bit disrespectful and disappointing to some people." He continued, "Women, Muslims, Mexicans are getting insulted right on TV. Some candidates are making

fun of the people and each other. It's just disrespectful."

Yudai Yamakawa, a sophomore from Japan, was able to find the humor in the whole situation.

"I think it's more fun to watch and follow the American election [than a Japanese election] because they fight a lot," joked Yamakawa.

The consequences of this election in terms of the merits of democracy and the American electoral system were ever apparent for most international students, who know their home government and electoral process well. The conversations surrounding the two candidates were largely negative, leading to feelings of distaste for the candidates rather than admiration. Tony Hwang, a junior from South Korea, saw it this way.

"I think this election shows why democracy is not a perfect system," said Hwang. "I feel like nobody is voting for candidates because they like them. They actually support their candidates because there are no other options."

Before the election wrapped up on Tuesday, international students echoed the sentiments of frustration felt by many throughout the community and the nation regarding this year's election cycle.

When asked whether she was ready for the election to be over, Brewer responded bluntly, "PLEASE." Finally, approximately 600 days later, the whole world can take a sigh of relief.

## Future Alumni Visit Old Colony

*Old Colony Update*

**By Elizabeth Jerome**

This week, Old Colony welcomed a host of young eager minds. Eighth graders from OC's sending districts came for their annual visit to check out the school and learn what a vocational education could offer them.

On Tuesday and Thursday, November 1 and 3, buses pulled up to the school's front doors. Older students, dressed in SkillsUSA attire and ready to act as student ambassadors, stood by and waited to begin the tours. The eighth graders were divided into groups, handed 'passports,' and led through the halls to the shops.

The kids were encouraged to visit every shop on their passport and to participate in each shop's activities. They eagerly took to the task and groups of gleeful kids could be seen everywhere, competing at tire changing in automotive, getting their nails done in cosmetology, or enjoying a snack in culinary.

No matter where they went, you could be sure there was something fun to do. Even if they weren't sure where they were going, student ambassadors were willing and eager to take them where they wanted to be.

After checking out all the activities, the eighth graders were brought back to the gym to view booths set up by OC's various clubs and extracurricular activities. The nontraditional booth called out to students who

wanted to enter shops not always associated with their demographic. Honor Society showed off its accomplishments. SkillsUSA asked kids to take selfies and picture themselves as champions at work.

When the hustle and bustle of the booths calmed down, the kids viewed a presentation on the school and what it offered for education. The Vocational Coordinator and Assistant Principal Mrs. Jackie Machamer spoke to the kids about the qualifications needed to be accepted to OC. Then awards in the form of gift cards were handed out to the winners of some of the competitions held by the shops. The kids eagerly walked up to receive their awards.

By the time it was time leave, the eighth graders had had only a small taste of what it is like to attend Old Colony. Some had found it wasn't for them, but for many others, they had found a place they longed to call home. On Sunday, many students came back with their families for one last tour before making the decision to apply or not.

fall athletics.

**Girls' Soccer:** The girls had a busy week, playing four games against four tough teams. On Monday, they faced Dighton-Rehoboth and lost 4-1. Freshman **Meg Hughes** scored ORR's only goal with an assist from **Mary Butler**. On Tuesday, they played in a big game against Apponequet to determine whom they would be playing in the tournament. The Lady Bulldogs defeated the Lakers 3-2 with Hughes notching her first hat trick of the season. On Friday, the girls played in their first game of the state tournament against Ashland and defeated them 2-1. **Madison Cooney** scored the first goal for the Bulldogs, while Hughes got the game winner with 5:23 left in overtime. This win moved them on to the quarterfinals against Norwell on Sunday, where they unfortunately lost 2-0 to cap off their season.

**Volleyball:** The girls' volleyball team played in their first game of the state tournament on Friday and suffered an unfortunate loss, losing three out of three sets to Notre Dame. Despite the loss, the girls put up a good fight. **Haley Aguiar** had a nice game with 15 digs. Unfortunately, the loss meant the end to a great season for the Bulldogs.

**Field Hockey:** The Lady Bulldogs put up a good fight in their first game of the state tournament on Friday, but it unfortunately wasn't enough to defeat rival Apponequet. The Bulldogs carried the play in the first half, but let one pass in the second putting the Bulldogs

down 1-0. The girls just could not put one in the net, resulting in a 1-0 loss to end their season.

**Boys' Soccer:** The boys faced Dighton-Rehoboth on Monday resulting in a 1-1 tie in their last game of the season.

**Football:** The Bulldogs faced Somerset Berkley on Friday and defeated them 33-22 to redeem themselves after their tough loss last Friday to Dighton-Rehoboth that gave the Bulldogs their first loss. **Harry Smith** rushed a total of 135 yards for two touchdowns giving the Bulldogs an edge. Quarterback **Cam Hamilton** rushed for 134 yards plus a throw, which resulted in two touchdowns. The Bulldogs also forced a three-and-out and scored on a 13-play drive. This was the Bulldogs last home game of the season.

Below are the overall fall team records, followed by the conference records in wins, losses, and ties as of November 6.

Volleyball: (13-9-0) (1-19-0); Field Hockey: (10-4-4) (9-5-2); Girls' Soccer: (14-4-1) (11-5-1); Boys' Soccer: (6-7-6) (5-6-5); Golf: (12-3-0) (12-3-0); Girls' Cross Country: (9-0-0) (7-0-0); Boys' Cross Country: (9-0-0) (7-0-0); Football: (7-0-0) (8-1-0).

### News Submission Policy

*The Wanderer* gladly accepts any and all news and press release items from local nonprofit organizations for publication on a weekly basis. The deadline for

submission of news items is Monday at 12:00 noon for publication in that week's edition. Due to the increasing number of submissions, however, publication of press material is never guaranteed. *The Wanderer* will make every effort to publish timely news items and announcements as the subject warrants and as often as spacing allows. All press material must be submitted by e-mail to [news@wanderer.com](mailto:news@wanderer.com), and must be either in a text or Word file. We are not able to retype, correct, or hunt down information to repair incomplete press releases, and we are not able to retype or reformat posters or bulleted lists that are not in readable paragraph form. letter to the Editor of this paper entitled "Taking our lead from Elizabeth Taber." He stated that Elizabeth Taber had passed the present Town House to the Town as surplus. His implication is that we have her blessing to abdicate any responsibility for the maintenance and preservation of the building. The only problem with Mr. O'Connell's reconstruction of history is that it is wrong: Elizabeth Taber had been dead for 47 years when the Town and Taber Academy made the property switch at the 1935 Town Meeting.

Mr. O'Connell is certainly entitled to his opinion, but that is exactly what it is: his opinion. There is no halo effect or divine history lesson associated with his opinion that is supported by any actions of Elizabeth Taber.

To the Editor:

A wellspring by definition means an abundant source, one that is inexhaustible. At Wellspring Farm Learning Center in Rochester, we believe our unique natural environment, horses and an array of other animals coupled with our extraordinary licensed team of experienced therapists offers a "wellspring of hope" for the many special needs children, adolescents, adults and families we serve. All of us believe strongly in what we do and we approach our work with passion.

We have been providing experiential therapy to special needs individuals and groups for 17 years, offering

an array of therapeutic modalities including trauma-based therapy, EMDR, art and play therapies, equine assisted psychotherapy, holistic therapy, social interaction/integration therapies and so much more. We also work extensively with individuals on the autism spectrum as well as those diagnosed with terminal cancer.

There is so much more offered at this immaculate 15-acre farm setting to the immediate communities and beyond. We have become a well-known and widely utilized facility for so many local residents and will continue to do so indefinitely. The staff and consultants at the WFLC all share a deep commitment to the advancement of those with special needs, children with disabilities and provide the public in general with the understanding that all of us have a special purpose and those less fortunate make equally important contributions to our neighborhood and should by all rights be offered the chance to do just that. We at Wellspring believe everyone, those with disabilities and others, share the right to contribute and advance their special lives therapeutically, educationally and socially as contributing individuals as all of us should respect and can benefit from such successes. We are pleased to confirm that Wellspring Farm recently received unanimous approval from the Rochester Zoning Board of Appeals which has allowed our great work to continue. Thank you to all of you who provided us with so much support during this process; we cannot begin to express what your overwhelming support meant to us. During this process there were many things said about Wellspring Farm that were not accurate. Our focus is not to respond to these slanderous statements. Our resolve is to let everyone know that because of this recent process, we are further committed and determined to do all we can to enhance the lives of those with special needs. We will never cease our noble efforts to ensure equality and inclusion, and we will continue without hesitation to provide and expand opportunities given to those who cannot speak for themselves as they develop a deserving and God-given sense of purpose and acceptance without limits or discrimination.

Recent published letters and letters to the Board of Selectmen have been critical to the THBC process and conclusions.

The THBC and its predecessor committees have held dozens of public committee meetings; three well-attended public forums; a special presentation following the spring 2015 Town Meeting; posted information on social media; been published in all four local media outlets; held joint meetings with the Finance Committee, the Capital Improvement Committee, and the Board of Selectmen. All our important documents and cost estimates are posted on the town's web site. We have a

video on ORCTV.

We have had two Town Meeting votes supporting by acclamation the funding of our design effort and the importance of preserving the Town Hall building for its current public use. The benefits of maintaining Town House functions IN THE VILLAGE for the sake of long-term village vitality and community planning considerations are not insignificant. We evaluated 17 different schemes and had the advice of top consultants in the fields of municipal architecture and cost estimating before arriving at the current scheme.

Further, we are currently re-examining programmatic needs and other cost-saving measures in order to come in with a less expensive project. We are also considering the option of a new building on the soon-to-be acquired VFW site in order to develop the most economically feasible project.

Comments have been made that renovation costs will escalate due to unforeseen conditions when walls are taken out. More often than not, construction change orders fall in the magnitude of 2 to 3 percent and our architects have an excellent record in estimating the renovation costs of public buildings. It should be noted that exploratory openings have been cut during the design process, and all plaster and sheetrock will be removed during the construction phase. An independent professional cost estimator has performed a detailed cost estimate, and contingency funds have been factored into the project costs. We are perfectly aware that the existing building does not comply with access requirements for the physically handicapped and does not meet current standards for indoor air quality or insulation. Vinyl siding and rotting wood trim must be replaced. The building was built as a school building for Tabor Academy in 1876 and was never properly renovated for use as a town hall when it was acquired by the town in 1937. Of course, today's offices and equipment were not anticipated by the original builder, but with the removal of all interior finishes to bare wood studs there is a great opportunity to install the modern systems without replacing the sound structure. Further, an ample contingency item in the budget has been included to address the modest 2-3

percent contingency that our architect foresees.

The THBC is confident that we can continue to find a design solution that will meet the Town's needs for a functioning seat of local government at a reasonable cost and that the renovation of the existing historic building continues to be a viable option for consideration in this respect.

The differences in cost for renovation vs. new construction may seem excessive to some, but when the THBC's final recommendations are made, we anticipate a very modest difference, if any, for whatever scheme is selected.

### Old Rochester Farmers' Market

Old Rochester's Winter Farmers' Market will be running every 2nd and 4th Saturday of the month (excluding November 12, December 24 and May 13) from 10:00 am to 1:00 pm. The market will include new and old vendor favorites: fresh produce, grass fed non-hormone meats, fresh seafood, sweet and savory pies, breads, pastries, jellies, honey, alpaca garments, cheeses, sauces, coffees, soaps and surprises. There will also be live entertainment each market day with cooking demonstrations and fun for the whole family. Come and please support your local farmers.

### Mattapoisett Woman's Club

On Thursday, **November 17**, Jamie Jacquart, Assistant Director for Campus Sustainability and Residential Initiatives, University of Massachusetts Dartmouth, will speak at The Mattapoisett Woman's Club. Mr. Jacquart will discuss creating a sustainable lifestyle that takes a lifelong commitment to learning, experimenting, exploring and committing to increasingly sustainable practices. He will talk about taking a thorough inventory of one's life – our purchase of products and services and our modes of transportation – to understand how we are living now in order to shift away from unsustainable choices. The meeting will begin at noon and is held at Reynard Hall at the Mattapoisett Congregational Church, 27 Church Street, Mattapoisett. If you have any questions, please call Karen Gardner at 774-377-5810.

at the Library's Event Calendar at [www.plumblibrary.com](http://www.plumblibrary.com). If you miss Nancy Cote on November 12, watch for her to be at the Friends' Holiday Fair on Saturday, December 3.

November is Family Literacy Month. Enjoy a Storywalk – *A is for Autumn* – around the library grounds from Friday, **November 11** at 10:00 am to 2:00 pm on Saturday, **November 12**. The library is closed on November 11, but since the Storywalk is outside, it is always available. There will be a box on the ramp for you to rate your Storywalk experience. Take a picture and email it to [lfuller@sailsinc.org](mailto:lfuller@sailsinc.org). Register at the Events Calendar on the Plumb Library webpage.

The Friends of Plumb Library are selling 12-inch double-sided wreaths. The cost is \$14 each with a bow and \$11 for wreaths without a bow. Order forms can be found on the library's website or at the circulation desk. Orders must be in by Wednesday, **November 30** at 6:00 pm and can be picked up during the Holiday Fair on Saturday, December 3 by 3:00 pm. If you cannot pick up your wreath on that day, please let us know and we'll make other arrangements. For more information, call the library at 508-763-8600.

For their November book, "Just the Facts" Nonfiction Book Discussion Group will be reading *The Girls of Atomic City: The Untold Story of the Women Who Helped Win World War II* by Denise Kiernan. At the height of World War II, thousands of civilians, many of them young women from small towns across the south, were recruited to a secret city, enticed by solid wages and the promise of war-ending work. Oak Ridge, TN was home to 75,000 residents, consuming more electricity than New York City, yet to most of the world, the town did not exist. Drawing on the voices of the women who lived it, this book captures the spirit of the times through these women: their pluck, their desire to contribute, and their enduring courage. We will discuss this book on Thursday, **November 17** at 6:30 pm.

The Café Parlez' selection for November is *The Dinner* by Herman Koch. On a summer's evening in Amsterdam, two couples meet at a fashionable restaurant for dinner. Between mouthfuls, the conversation remains at a polite level. But behind the empty words, terrible things need to be said, and with every forced smile and new course, the knives are being sharpened. Each couple has a 15-year-old son, and the boys are united by their accountability for a single horrific act. We will discuss this book on Monday, **November 28** at 6:30 pm. Books are available at the desk.

### Sammy the Seabot

Tabor Academy was recently awarded a Lemelson-MIT InvenTeam grant in the amount of \$10,000 to create Sammy the Seabot, an ROV (remote operated vehicle) device to monitor water quality variables in Buzzards Bay. Tabor is one of 15 high schools nationwide to be selected as an InvenTeam this year.

InvenTeams are teams of high school students, teachers and mentors that receive grants up to \$10,000 each to invent technological solutions to real-world problems. This initiative of the Lemelson-MIT Program aims to inspire a new generation of inventors.

"The InvenTeams program represents the future," said Leigh Estabrooks, invention education officer from

## Animal Advice

Jay Gould, DVM

*I realize that I should take my cat to the vet annually to get a physical and whatever vaccinations may be due, but getting the cat into the cat carrier is a chore. Any hints?*

Cats are not dumb. If they see the cat carrier come out they disappear. Some cats don't mind the carrier if it is left out all year round. Feed them in the carrier, allow them to nap in it, let it be associated with more pleasant experiences than a car ride.

If you haven't gotten the cat to think positively about the carrier, put the cat in a bathroom prior to getting the carrier out of the basement. That way the cat can't disappear. Bring the carrier into the bathroom and keep the door closed so the cat won't escape. Feliway is a pheromone that may decrease your cat's anxiety when it is sprayed or wiped on the carrier.

the Lemelson-MIT Program. "We place an emphasis on STEM-focused projects to develop interest in these fields among youth. With InvenTeams, our primary goal is to foster high school students' passion for invention, in turn inspiring them to consider careers in science, technology, engineering or math."

Dr. Karl Kistler at Tabor Academy initiated the InvenTeam application process last spring and was invited to attend training at the Massachusetts Institute of Technology (MIT) in June to help prepare the final proposal. A prestigious panel of judges composed of educators, researchers, staff and alumni from MIT, as well as representatives from the industry and former Lemelson-MIT Award winners, assembled this fall and selected Tabor Academy as one of this year's InvenTeam grantees.

The Tabor Academy InvenTeam is collaborating with Tabor's Marine Science Program teachers who have helped to create the program requirements for the bot. A contest is ensuing among two design teams to come up with the most effective design to meet the research requirements of the marine science department.

Dr. Karl Kistler shared, "The team will design and build a mobile research device to monitor the health of the environment of Sippican Harbor and coastal communities everywhere. The device will be operated remotely via a tether or programmed to function autonomously to collect samples and take measurements that would be useful to our marine science classes, the town of Marion, the Buzzards Bay Coalition, and other researchers."

Over the next nine months, the Tabor Academy InvenTeam will develop its ROV. In June, the students will showcase a prototype of their invention at EurekaFest at MIT in Cambridge, MA. EurekaFest, presented by the Lemelson-MIT Program, is a multi-day celebration designed to empower a legacy of inventors through activities that inspire youth, honor role models and encourage creativity and problem solving.

The favorite hot chicken salad will be featured, along with cranberry gelatin salad, assorted homemade breads, beverages, plus cheesecake for dessert. The cost of the luncheon is \$11 and tickets will be available at The Bookstall and at the door.

New this year: a Cookie Walk will be held at the same time as the luncheon. Some of the best bakers of the church will be busy making their signature cookies for this sale.

Your first step on the Cookie Walk will be to pick up a beautifully decorated cookie box. Next you get to fill your box with a dozen of your favorite (or new favorite) cookies from the wonderful assortment offered. The boxes are then artfully tied up in baker's twine. The cost of each box of cookies is \$10. These cookie boxes make a perfect hostess gift or a special treat when company pops in.

The Holiday Luncheon and Cookie Walk will be held in The First Congregational Church Community Center (same building which houses Penny Pinchers), 144 Front Street (rear of parking lot), Marion, MA. Parking is available at the rear of the parking lot to the right. Additional parking is available at Island Wharf.

the area premiere of the new documentary film *Passion To Teach* on Thursday, **December 1** from 7:00 - 9:00 pm at the Marion Music Hall. The event will include a post-viewing discussion with the film-makers, Sandria Parsons and Bart Nourse.

The event is open to the public at no charge, although a \$5 donation (\$10/family) is requested at the door to support the library's programming budget.

*Passion to Teach* is the story of a veteran middle school teacher, Amy Lake. The documentary explores the tension between the individual teacher and the current top-down school reform system. The movie aims to:

- inspire young would-be teachers to enter the profession
- encourage veteran teachers to become teacher leaders

- motivate parents to advocate for their children as self-directed learners

Regardless of the educational venue, the film's premise is that in all cases, we are preparing our children for adulthood. And what is the very essence of adulthood? Self-direction, the very essence of adulthood in a changing world.

For further information about the film, please contact Sandria Parsons at Learning Network Associates: 508-577-1634 or [sparsons@maverick2mainstream.org](mailto:sparsons@maverick2mainstream.org).

### Gateway Youth Hockey

**Squirts:** The Gladiator Squirts beat the Seahawks 9-0 on Saturday morning. The Gladiators were led on offense by **Ben Hebbel** (3 goals), **Tommy Clavell** (3 goals), **Brayden Hathon** (2 goals), and **Liz Kilpatrick** (1 goal, 3 assists). The nine goals were the result of strong passing all around. Assisting on goals for the Gladiators were **Patrick Duggan** (3), **Kevin Place** (2), **Pat Tripp** (2), **John Goll** (1), **Brayden Cannon** (1) and **Thomas Carrico** (1). In net, **Nate Wilson** stopped 16 shots for the shutout.

**PeeWees:** Gateway Gladiators PeeWees hosted Y. D. Dolphins on Friday for their State playdown game. Y. D. brought its own brand of fire to the game and although Gateway skated hard and tried to get the passes in, it was not to be this night. Gateway headed into the third period down 8-0, and midway through the final frame, **Ty Rebeiro** was able to add two unassisted goals, but Y.

D. would go on to add two of their own, defeating the Gladiator PeeWees 10-2.

On Saturday, the Gladiators PeeWees matched up against Hanover. The first period started rocky with Gateway still reeling from the loss the night before. In the second period, they found their feet with **Matthew Paling** putting Gateway on the board with an unassisted goal. Rebeiro added another goal, assisted by **Joe Urnek**; **Nathan Ribeiro** also scored with assist by Paling, and Urnek got one by with assist from **Sean Pollock**. Heading into the third period, the score sat at 4-4 with Gateway knowing they had to heat things up. Pollock added a goal with assist from Ribeiro, Rebeiro put another goal in assisted by Pollock, and both Paling and Rebeiro put in an unassisted goal each, giving Gateway the win 8-4.

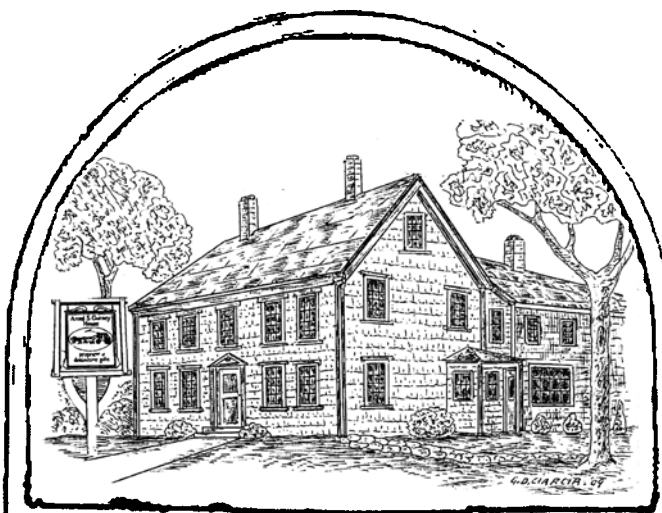

On Sunday, the Gateway Gladiators PeeWees played one of their best games with great communication and passing, showing true teamwork. First period scorers were Rebeiro with assists by Paling and **Thomas Leger**, Paling with assists by Urnek and Rebeiro, Rebeiro unassisted, Ribeiro with an assist by Pollock, and Rebeiro scoring again with an assist by Urnek. And the second period proved to be just as powerful as the first. **Jacob Hebbel**, **Lucas DeMoranville**, and **Brady Kidney** were strong in defense every shift. Scoring in the second frame were Urnek with an assist by Paling, **Matthew Stone** with assists from Ribeiro and Pollock, Rebeiro with an assist by Ribeiro, Paling scoring two unassisted, and Pollock with assists by DeMoranville and Urnek. In the third period, Pembroke put the pressure on making Gateway unable to score. The final score was 12-0 giving **Ryker King** a shut-out and well played game in net.

**Bantams:** The Gateway Gladiators Bantams picked up their tenth win of the season, 7-2, against Weymouth on Saturday. Weymouth jumped out to an early 2-0 lead before **Alex DeMarco** shut the door on them. Just 11 seconds after Weymouth scored their second goal, **Tyler Lovendale** scored his first goal on the night, with assists going to **Robert Maloney** and **Quirino doCanto**. The same three would combine for Lovendale's second goal of the night with less than two minutes remaining in the first period. The score was 2-2

# OBITUARIES

**Normand E. "Sonny" Duval**, 86, of Rochester passed away Saturday, November 5, 2016 after a brief illness. He was the beloved husband of Aldora (Barretto) Duval.

Born in Acushnet, a son of the late Joseph and Auore (Talbot) he lived most of his life in there and Rochester. He was a communicant of St. John Neumann Church.

Sonny was a production worker for various companies such as Acushnet Company, Aerovox, and Revere Copper.

In addition to his wife, he is survived by three children, Linda Williams and her husband Vern of NV, Jerry Mendes and his wife Elaine of Rochester, and Roxanne Tuskey and her husband Terry of Saratoga Springs, NY; eight grandchildren, Jennifer, Jeff, Stephen, Gary, Jackie, Ryan, Kyle and Ross; eight great grandchildren, Maddox, Daniella, Wesley, Luna, Amalia, Grey, Ella, and Adalyn; a sister, Rita Robillard of Lakeville and several nieces and nephews. He was the brother of the late Pauline Burnette and great grandfather of the late Lara.

His funeral mass was held on Tuesday, November 8, 2016 in St. John Neumann Church, 157 Middleboro Rd., E. Freetown. Burial followed in Pine Grove Cemetery. In lieu of flowers, donations in his memory may be made to the American Heart Association, Massachusetts Chapter, PO Box 417005, Boston, MA 02241-7005 or [www.heart.org](http://www.heart.org). For online tribute [www.rock-funeralhome.com](http://www.rock-funeralhome.com).

**Cynthia Babbitt Bryden**, 89 of Beaufort, South Carolina and Marion died November 5, 2016 peacefully after a brief illness at Sippican Healthcare Center. She was the wife of the late Robert Bryden.

Born in Fairhaven, the daughter of the late Edwin V. and Dorothy (Almy) Babbitt. She moved with her family to Marion as a small child and spent her youth there. Growing up in Marion, she learned to sail and enjoyed the sea. She graduated from House in the Pines in Norton and Parsons School of Design in New York City where she majored in Design Illustration.

She met Robert Bryden when they were dance instructors for the Arthur Murray Dance Studio. Mr.

Bryden was subsequently employed at the Gundersen-Pairpoint Glass Company which was owned by Cynthia's father. In 1955 the Brydens opened a retail store in New Bedford called The Pairpoint. She decorated several lines of glassware for the store. After the main operation was closed, Cynthia and her husband moved to Spain and produced glassware there.

She returned to the United States and lived in Baltimore before coming back to Marion. Cynthia was an accomplished violinist and also learned to play the viola. She was a member of several orchestras; the New Bedford, Hilton Head and Beaufort symphonies as well as performing at private occasions and church functions. She spent 30 years in Beaufort, SC where she enjoyed music, painting, golf, bridge and countless friends.

Mrs. Bryden is survived by a nephew, 3 nieces, a deceased nephew's widow, 7 grand nephews, 2 grand nieces, 3 great grand nephews and 1 great grandniece. Cynthia was a kind and thoughtful soul who will be missed by all who knew her.

A private family service will precede a memorial service to take place at a later date. Further information will follow.

Arrangements are made by the Chapman, Cole and Gleason Funeral Home in Wareham. To leave a message of condolence, visit: [www.ccgfuneralhome.com](http://www.ccgfuneralhome.com)

**Robert Lindley Furnans**, 75, passed away at home, September 1, 2016 after his battle with cancer. He was born October 6, 1940 in Detroit, Michigan to Albert D. and Madeliene Furnans.

His family moved to Mattapoisett, where he grew up, loved the water, and learned to sail on the brigantine "Yankee". After graduating from Fairhaven High School in 1957, he attended the University of New Hampshire.

Bob entered the Air Force, proudly wore the uniform and served his country with pride. As a navigator, he flew missions during the Vietnam War. After serving for more than a dozen years, upon leaving military service as an officer, he returned to a life-long interest — cars.

His preference of wheels might depend upon

the latest make and model; however, he did have a soft spot for Porsches.

As a "Service Advisor" at Volvo Village in Clearwater, Florida for many years, Bob was known for his calm demeanor, storytelling, and his solution to many problems was "read the instructions."

He is survived by his wife of twenty-seven years, Patricia. He is also survived by his three daughters and their families: Christine Dix (Kevin), granddaughter Kaitlyn; Jennifer Chapman (Donald), grandson Marcus; Sherrill Day (David), grandsons Anderson and Dylan.

He will also be greatly missed by his two stepsons and their families: Jay Frye (Kelli), grandsons Aidan, Owen, and Beckett; Tyler Frye (Adrienne), grandsons Cooper and Parker.

He also leaves behind three sisters: Judith Pierce and husband James; Patricia Belcher and husband John; and Jacqueline Collyer and husband Michael. Uncle Bob will also be missed by several nieces and nephews.

As a veteran, Robert has chosen a National Cemetery for his final resting place. His ashes will be interred in Clearwater, Florida. Arrangements are pending.

**Flora G. (Sylvia) Senna**, 91, of Mattapoisett died Monday November 7, 2016 at Sippican Healthcare Center. She was the wife of the late Gabriel B. Senna.

Born in New Bedford, the daughter of the late Antone and Emilia (Leitao) Sylvia, she lived in Mattapoisett for over 50 years. She was a graduate of New Bedford High School.

She was a communicant of St. Anthony's Parish, where she participated in many parish activities and served as a Eucharistic minister.

Mrs. Senna was employed as a bus matron in Mattapoisett for many years until her retirement.

She loved taking care of her home and other people, always greeting visitors with a warm welcome. She also enjoyed spending time with her family and many friends. She was a "Mom" to many.

Survivors include her daughter, Joyce E. Messier and her husband Neal of Attleboro; two granddaughters, Catherine Jane and Katelyn Paula Messier; the Emmet Family, whom she considered as a part of her family; and many Godchildren, nieces, and nephews.

She was the sister of the late Isabel Almeida, Bill, Ernie, Archie, and Tony Sylvia.

Her Funeral Mass will be celebrated on Friday at 10:00 AM at St. Anthony's Church. Burial will follow in St. Anthony's Cemetery. Visiting hours will be on Thursday from 4-7 PM at the Saunders-Dwyer Mattapoisett Home for Funerals, 50 County Rd., Route 6, Mattapoisett. community of Hatch Street Studios, which is home to over 50 artists and designers. During this FREE two-day event, visitors may tour the artists' studios and watch demonstrations and purchase unique gifts and fine art in a setting steeped in architectural history. Hatch Street Studios offers a comprehensive survey of New Bedford-based artists and designers whose work in a variety of mediums will be available for viewing and for sale. Works will include paintings and prints, photography, textile art, sculpture, jewelry, glass and aerial performance art. On Saturday, there will be a live music performance by local musician Gregg Harper and during the weekend, food trucks will be on site to appease the appetite for good eats as well as art.

The Hatch Street Studios are located in the heart of the historic Nashawena Mill District in the north end of New Bedford. Once revered as one of the most productive textile mills, the building was recently purchased by area businessman Jeff Glassman. The building has been undergoing renovations, including many new studio build outs. This has attracted more artists of every ilk to the building, making for an incredibly dynamic robust community.

Hatch Street Studios provides an environment for artists to produce creative works and contribute to the city of New Bedford's cultural life.

# MOVIE REVIEW

## Magic Hour

By Rob Gonsalves  
[www.robsmovievault.com](http://www.robsmovievault.com)

*A Midsummer Night's Dream*. Starring Johnny Sederquist and Anna Rizzo. Directed by Richard Griffin. Running time: 105 minutes. No MPAA rating, but suitable for 13 and up. At Route One Cinema Pub in North Attleboro on November 13 (7:30pm) and 20 (7:30pm).

Sixteen years ago, the Rhode Island filmmaker Richard Griffin made his feature debut with an adaptation of Shakespeare's *Titus Andronicus*. Now he comes full circle with *A Midsummer Night's Dream*, which Griffin had wanted to make for years. Artists as diverse as Peter Brook and Neil Gaiman have tackled this supernaturally-tinged romantic comedy, and Griffin, who usually leans dark whether he's dealing with horror or comedy, lightens up and opens his palette. He and his frequent cinematographer Jill Poisson are like little kids with a big bucket of Crayolas; everything is bold, vividly colorful, magic seen at magic hour.

The play itself I have mixed feelings about. We needn't go into them. What matters is what an adapter does with it, and Griffin makes high entertainment out of it. He isn't in the least intimidated by Shakespeare, perhaps because he started out making one of the Bard's less prestigious plays. And he's comfortable with the story's otherworldly aspects; he builds an atmosphere where people — whether regular humans or faeries — can be theatrical, stylized. Nobody here goes small. Johnny Sederquist, for instance, creates a Puck in anarchy shirt and rave-club makeup, endlessly amused by what fools these mortals be.

There's an element of cruelty in the premise, in which faeries use magic to turn hapless mortals into romantic puppets. The faeries, of course, are romantic love itself, the most simple and baffling of emotions, turning people into animals, or a literal donkey. Almost subliminally, in a matter-of-fact way, the openly gay Griffin turns *Midsummer*

*Night's Dream* into a queer-friendly, inclusive ode to *l'amour fou*. The play toys with gender to begin with; Griffin recasts "rude mechanical" Peter Quince as Rita Quince, who in the person of Christin Goff kept reminding me of Elizabeth Warren.

Griffin's casts are always eager and robust — his *joie de cinema* rubs off on them — and the standout here is Ashley Harmon, whose Hermia is vulnerable, rageful, driven to frustrated dementia by her near-complete lack of agency. Harmon grounds Hermia's suffering, and the play itself, in something real. Without Hermia you don't have the darkness that the light of the play is designed to dispel; she might be the play's backbone, its unsung hero. The rest of the cast bathes in Griffin's and Poisson's creamy Argento/Bava colors, having a grand old time and sharing it with us, but Harmon comes at things more sharply, speaking for the common woman (who isn't so common).

A lot of foolishness unfolds under the purple light-dotted sky, a lot of poetry in the charged night air. Griffin sets the movie in "Athens, Massachusetts, 1754," but the spirit feels modern, playful. (The occasional anachronistic gag is sprinkled into the mix, giving weight to the idea that the play's concerns straddle the centuries.) As usual, Griffin manages to make a movie that looks — and also sounds, thanks to Daniel Hildreth's lush score — as though it cost about a thousand times more than it did. As before, he brings the Bard to the screen with no fuss or pomp. If you've heard me go on about Griffin before, but you were too bashful for his naughtier films and too squeamish for his gorier efforts, *A Midsummer Night's Dream* is as fine an introduction to his raffish charms as any.

Rochester Regional School District will be showing the film *Screenagers* on Tuesday, **November 15** at 6:30 pm in the Old Rochester Regional High School auditorium (135 Marion Rd, Mattapoisett, MA). This timely and pertinent film is about the impact of the digital age on children and how to help them minimize harmful effects and find balance. This event is free, and we encourage you and your family to attend. We feel this is an important offering for parents of students of all ages, preschool through senior year. Students in grades 3-12 are welcome to view the film with their parents. For younger children, childcare will be offered in the gymnasium by the ORR High School "AmbassadORs." More information can be found online at [www.screenagersmovie.com](http://www.screenagersmovie.com).

### Thanksgiving in Rochester

The First Congregational Church of Rochester invites those who want to share Thanksgiving with others to dinner on **November 24** at 1:00 pm. If you are single and have no family or you have a small family to share with, and you desire fellowship, our church family invites you to our dinner. We are offering a traditional Thanksgiving Buffet.

Our goal is to bring people together who may not have any or little family in the area. This will be a relaxing and enjoyable event promoting community fellowship. All are welcome to attend; there will be no charge for this day of celebrating thanks.

### Machacam Club

The Machacam Club will hold its monthly meeting on **December 7** at the Legion Hall at 3 Depot Street. Social time is 5:30 pm; dinner is at 6:00 pm.

The meal will be a traditional ham & bean supper with pie for dessert. Courtesy of Peter Reed, our speaker for the evening will be Albert Doucett, Mattapoisett's own active scrimshaw artist. After 13 years working on his father's commercial fishing vessel, he decided to open the "Whale's Tale" at 42 North Water Street, New Bedford. He spent the next 26 years developing a mecca for those of us who prize his scrimshaw treasures.

Al retired to his Mattapoisett home and, at 85, he still practices his art and creates beautiful scrimshaw for his large number of loyal customers, as well as the public. Al will discuss his career and, based upon his experiences, will also touch upon the evolution of New Bedford's business community. I am looking forward to his presentation and hope he considers returning next year and joining us as a member!

Callers and members are asked to bear in mind the importance of call list accuracy. Caller lists should be done and reported no later than 9:00 pm on Monday, December 5 via email to GPFNR@AOL.COM or by phone to Mike at 508 758-9311. Members with requests can contact Mike by phone at 508-758-9311 no later than 9:00 am on Tuesday, December 6 for any changes.

Television is offering Holiday Greetings days for your family, organization or group.

We are opening our studios on **November 29-30** and **December 1** to sing a song, tell a story or just say happy holidays to your fellow Tri-Town residents. This is a nice way to spread the seasonal spirit or to bring awareness to your business, event or organization. Yes, your business or organization can come to our studio, create a non-commercial greeting that will then go on the air over ORCTV's channels during the holiday season. ORCTV will cover all of the technical aspects. You just need to come in and spread your holiday cheer for the cameras!

The Holiday Greetings will play on the local cable channels and will be seen by thousands of Tri-Town residents. ORCTV channels are seen by anyone who has Comcast or Verizon cable. Use this opportunity to raise awareness for your mission and goals or to let residents know who you are. This is a FREE service to local residents, nonprofits, organizations, groups and town departments. Just a reminder, we are now located at ORRHS. # SALOME'S STARS

**ARIES** (March 21 to April 19) A work-related situation that started last month takes on increasing importance this week. The choice is still yours as to how it will evolve. Be careful not to make quick judgments.

**TAURUS** (April 20 to May 20) "Careful" is the watchword for the prudent Bovine this week. Don't let your emotions overwhelm your logic. Try for balance as you maneuver through a touchy situation.

**GEMINI** (May 21 to June 20) Your energy levels rise to meet the challenges that will mark much of this month. New opportunities beckon. Look them over, but proceed cautiously before making any kind of decision.

**CANCER** (June 21 to July 22) Your private life can be a problem this week, as a partner becomes more difficult. Resist a reaction you might regret. Instead of walking away, try to talk things out.

**LEO** (July 23 to August 22) You should be your usual sunny self these days, as you bask in the admiration you adore. Enjoy it as you move into a new arena to confront an exciting upcoming challenge.

**VIRGO** (August 23 to September 22) Your perseverance reserves will be tapped frequently this week as you deal with the problems involved in making a new situation work for you. But it'll all be worth it.

**LIBRA** (September 23 to October 22) You'll find fewer roadblocks turning up as you continue to move ahead with your plans. Expect some important news to come your way by mid-November.

**SCORPIO** (October 23 to November 21) Good news -- you finally get to the bottom of that pesky mystery you've been trying to solve for weeks by using some gentle persuasion to get someone to break his or her silence.

**SAGITTARIUS** (November 22 to December 21) The best time to take on that important task is now. Move forward one step at a time so you can assess your progress and, if need be, change direction.

**CAPRICORN** (December 22 to January 19) The new opportunities you hoped to find this month are beginning to open up. Study them carefully to be sure you make the choice that's best for you.

**AQUARIUS** (January 20 to February 18) Turn a disappointment into a learning experience. Check out possible weaknesses in your approach and strengthen them. A loyal colleague offers good advice.

**PISCES** (February 19 to March 20) Your new situation offers opportunities to help you get the skills you'll need in order to stop swimming in circles and finally move straight toward your goals. Go for it.

**BORN THIS WEEK:** You have a sharp, logical mind and a quick intellect. You would make an excellent mystery writer.

### Florence Eastman Post 280

The monthly meeting of the Florence Eastman Post 280 will be held at the Post Hall at 7:00 pm on **November 16**. This meeting will begin with a brief Annual Meeting as required by the Commonwealth during which we will discuss the renewal offer of our insurance package for Post 280.

The monthly meeting will review the Veterans Day Ceremony at Old Hammondtown School, which is always well attended. We will also discuss the progress of our newly formed Membership Committee. The balance of the meeting will be devoted to any requests from the floor.

Bring your ideas for these endeavors, as we cannot function without our members' support and, obviously, the support of the great folks in our area who always patronize our efforts. Please mention this meeting to members you may know, as everyone should be involved with the subject matters. The Hall is always available for rental. Just contact one of our members or call Mike at 508-758-9311.

from 9 to 14 years, plans to begin its 52nd season at Travis Roy Rink, inside Tabor Academy's Fish Center for Health & Athletics.

This year's program will consist of approximately 16 weekly sessions. The registration fee is \$380 for the entire season, payable to Hockey Unlimited (at least ½ payable in advance). The money covers ice rental expenses and all other operating costs. Each participant should complete a registration form and return it with a check made payable to Hockey Unlimited. Please mail to: Hockey Unlimited, c/o Dyer Capital Management, P.O. Box 388, Marion, MA 02738.

Sessions are expected to be held primarily on Saturday mornings, as well as other selected school vacation days. The program runs approximately from early November through February 2017. A complete schedule with exact dates and times will be available upon registration. Because of program limitations, registration is on a "first come, first served" basis.

Each player must be equipped with a stick, knee pads, hockey gloves, elbow pads, helmet and face guard. Some type of tooth protection and hockey pants are also strongly recommended.

For more information, call Managing Director & Head Coach Tim Dyer at 508-748-3030 (office), 508-951-8361 (cell), or email at [thd.dyercap@comcast.net](mailto:thd.dyercap@comcast.net).

## Tabor To Host Fall Dance Recital

Don't miss the Tabor Academy Fall Dance Recital on **November 11** at 6:30 pm in the Fireman Center for the Performing Arts at Tabor Academy at 235 Front Street, Marion. This year, the dance team is 23 strong! The students will perform five routines: a theatre routine to "Mein Herr" from Cabaret; a contemporary acrobatic style routine to "Heroes" by David Bowie; a tap routine to "Bust a Move"; a hip hop breakdancing routine; and a ballet routine. Also, there will be many solos and duets.

Tabor is happy to partner with outside students and studios for this performance. Performing with Tabor students in this recital are Cam Decas from Salem State University and Turning Pointe, a studio that is competing in the youth American Grand Prix, a prestigious ballet and contemporary competition in Boston, and also representing Massachusetts in Dance Excellence.

Last spring was one of the strongest years yet for Tabor's competitive Dance Team. They received platinum awards at all three competitions they attended and first place awards for hip hop, jazz and contemporary routines. It was the first year Tabor had received platinum awards, the highest award available at dance competitions. The team also received judge's choice awards, and a choreography award for their contemporary number. The team won first place overall out of all routines at their final competition.

With some new dancers joining the team from all over the world, the talent is continuing to be driven forward and their passion is very clear in their performances.

The event is free and open to the public at 235 Front Street in Marion. Why not enjoy a night of dance in Marion?

#### TOWN OF MATTAPOISETT MANDATORY WATER USE RESTRICTION

As a result of the continued below normal precipitation and declining groundwater and surface water resources the Town of Mattapoisett is implementing a **BAN on NONESSENTIAL OUTSIDE WATER USE**. This BAN is in accordance with recommendations by the Massachusetts Office of Energy and Environmental Affairs and Drought Management Task Force. This BAN is necessary to ensure adequate water supply continues to be available for essential public health and fire protection needs. **FAILURE TO COMPLY COULD RESULT IN WRITTEN WARNING AND/ OR POSSIBLE FINES.**

Nonessential outdoor water use shall mean those uses that are not required:

1. for health or safety reasons;
2. by regulation;
3. for the production of food and fiber;
4. for the maintenance of livestock;
5. to meet the core functions of a business (for example, or irrigation by plant nurseries or agricultural operations as necessary to maintain stock or establish new plantings, wash equipment to prevent damage and/or maintain performance, pest management and plant cooling); or
6. for irrigation by golf courses as necessary to maintain tees and greens, subject to the Town's approval.

Nonessential outdoor water uses that are subject to mandatory restrictions include:

1. Irrigation of lawns via sprinklers or automatic irrigation systems;
2. Washing of vehicles, except in a commercial car wash or as necessary for operator safety or to prevent damage and/or maintain performance of agricultural or construction vehicles or equipment; and
3. Washing of exterior building surfaces, parking lots, driveways or sidewalks, except as necessary to apply paint, preservatives, stucco, pavement or cement.

Exceptions to nonessential outdoor water uses are:

1. Gardens, flowers and ornamental plants by means of a hand-held hose – between the hours of 6AM to 8 AM and 6 PM to 8 PM only
2. Irrigation with harvested and stored storm water runoff between the hours of 6AM to 8 AM and 6 PM to 8 PM only

The following outdoor water uses are subject to review and approval by the Town of Mattapoisett, through its Board of Water and Sewer Commissioners,

- irrigation to establish replanted or reseeded lawn or plantings
- irrigation of newly planted lawns (seeded or sodded) for homes or businesses newly constructed in the previous twelve months;
- Filling of privately owned outdoor pools; and
- irrigation by golf courses as necessary to maintain tees and greens.

Residents who are currently on a private well are encouraged to participate in the current restrictions due to the drought situation across the State.

### Associate Members Needed

Are you interested in protecting wetlands in Rochester? Have you ever thought about serving on a board and learning more about what's going on in town? The Rochester Conservation Commission is looking for volunteers interested in serving as Associate Members to the Conservation Commission. Associates are non-voting members who help share the workload of the voting Conservation Commission members officially appointed by the Board of Selectmen. Associate members provide a pool of future members and allow more people to participate. Most of the full voting members of the Commission served as Associate Members prior to being appointed by the Board of Selectmen.

The Conservation Commission was established in Rochester in 1963 and is charged with protecting Rochester's natural resources. The Conservation Commission also advises other municipal officials and boards on conservation issues that relate to their areas of responsibility. In 1972, the Commission was given the responsibility of administering the Wetlands Protection

### Marion & Rochester Flu Clinics

The Marion & Rochester Boards of Health will sponsor 2016 seasonal flu clinics for all residents. The flu vaccine will be available in the injectable form for all over the age of 6 months and the high dose vaccine for ages 65 years and over.

Those attending the flu clinics are reminded to wear a short sleeve shirt and to bring all insurance and Medicare cards. Vaccinations will be given to all regardless of insurance status or ability to pay.

Dates and locations of the clinics are:

- Thursday, **November 10** from 9:30 to 11:00 am at the Marion Town House
- Wednesday, **November 16** from 5:00 to 7:00 pm at the Marion Town House

Transportation to the clinics can be arranged with the Marion Council on Aging at 508-748-3570 or the Rochester Council on Aging at 508-763-8723.

Homebound residents may schedule an appointment for a home visit by calling the Marion Board of Health at 508-748-3530 or the Rochester Board of Health at 508-763-5421.

For more information, call the Marion Board of Health at 508-748-3530 or the Rochester Board of Health at 508-763-5421.

### REGAIN Addiction Support Group

The REGAIN addiction support group ministry originated from the experiences of individuals feeling led to serve in poor inner-city churches of Southeastern Massachusetts. Finding there was an incredible need for resources, prayer, love and compassion, this 501(c)(3) faith-based ministry was founded. REGAIN does not provide any addiction recovery services for the addict. Its purpose is to form a support network for families and individuals affected by the addiction of a loved one. This is accomplished by helping people REGAIN hope, healing, trust, and power over their lives from the support of others living with the same struggles and difficulties. The REGAIN addiction support group SM meetings are faith-based, observing a no-blame, no-shame policy with all conversations respectfully kept confidential. There is no cost for attending and regional resource materials are provided on recovery programs, family services, education, and faith-based options. Topic demonstrations and trainings are hosted frequently, and prayer is available and voluntary for those needing comfort and strength.

Current REGAIN addiction support group SM meeting location: Mattapoisett (For residents of Mattapoisett, Marion, and Rochester), Council on Aging Room (Center School Building), 17 Barstow Street, Mattapoisett, on the 1st and 3rd Tuesday from 6:00 - 7:30 pm.

## I Found the Aardvark!

Each week, hidden somewhere in the pages of *The Wanderer* is a tiny drawing of an aardvark. The little guy you are looking for looks exactly like the one pictured above (but don't put down this page as your answer, there's another one hidden somewhere in this issue).

Once you find the aardvark you can submit your answer online and if you are right you will get Aardvark Points! You can then use these points to get cool Aardvark Prizes!

To enter visit: [www.wanderer.com](http://www.wanderer.com) and Click on *I Found the Aardvark*

In the November 3, 2016 issue the Aardvark was on page 16!
